

INTIMATION REGARDING FIRST OIL & GAS EXPOSITION IN MONGOLIA

A Grass Root Refinery is being planned to setup in Mongolia, a land-locked country located between China and Russia. For this project, **Indian embassy in Mongolia** along-with Government of Mongolia is organizing an Industrial Exhibition in Mongolia from 12 to 14th May 2019, wherein Indian Manufacturers will have an opportunity to showcase their technical capabilities and strength to provide goods and services for this International Project as well as utilize this opportunity to set up manufacturing facility in the region to cater the subsequent Industrial demand. Engineers India Ltd, a leading global engineering consultancy shall be providing Project Management Consultancy for this project.

With above background, **Indian Embassy in Mongolia** seeks expression of Interest from Indian Manufacturers and Contractors for their willingness to participate in the upcoming exhibition. It is understood from the Embassy that while there will be a lump-sum charge for the stall and facilities thereon, the Hotel and air transportation is to be arranged by the manufacturer/contractor himself. Indian embassy in Mongolia has promised to extend all support in this regard. Interested manufacturers and contractors are requested to send their willingness to,

Mr O P Meena,
First Secretary & HOC,
Indian Embassy in Mongolia,
